TO SPEAK UP ABOUT THE LACK OF INCLUSION TOWARDS THE LOCAL COMMUNITY. THE LOCAL AUTHORITY HAS FAILED TO PROVIDE TRANSPARENCY IN ITS ~~ACTIONS~~ ACTIONS OF DELIVERING ITS OWN VISION BY WAY OF EXCLUDING THE NEEDS OF THE COMMUNITY WITHIN THEIR VISION. NOTHING WITHIN THOSE PLANS ARE FOR THE LOCAL COMMUNITY, BUT MORE SO FOR PEOPLE VISITING THE AREA OF EUSTON.

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination. You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination. I AM A PENSIONER LIVING [REDACTED]
[REDACTED] FOR THE LAST 8 YEARS.

I WASN'T TOLD ABOUT THE PLANS FOR
250 EUSTON RD + EUSTON SQUARE HOTEL
BY POST OR ANY OTHER MEANS.

I OBJECT TO THE DEMOLITION OF THESE
BUILDINGS, BECAUSE KNOCKING THEM DOWN
AND RE-BUILDING SOMETHING BIGGER WILL
GO ON FOR YEARS AND BE VERY UPSETTING
FOR THE PEOPLE LIVING IN 40 HAMPSHIRE
RD AND HOLBORN SQUARE. IT WILL ALSO BE
BAD FOR THE ENVIRONMENT AND OUR HEALTH.
250 EUSTON RD IS AN IMPORTANT PART OF
UCH, IT SHOULD BE RE-FITTED, NOT DEMOLISHED.
THE BUILDINGS ARE GOOD AS THEY ARE.
WHY CHANGE THAT?

We the local residents have not been properly consulted on on the demolition and redevelopment of the 250 Euston Road building and the Euston Square Hotel.

The 250 Building is a contemporary building which looks great as it is and the Euston Square hotel is a historic building, one of a very few in the area.

The 250 Building is home to UCLH/NHS. They run training and clinics out of that building. If it is demolished where will the staff and patients go.

I live on North Gower St and I work in construction. The demolition of, and construction of either of theses building will be a logistical nightmare. There will be no access to or parking on North Gower St by residents, visitors and cliets to businesses on the street. The dust and noise will definitely negatively effect the residents quality of life

Again. no one has consulted us before allowing the proposed high rise buildings in the EAP. if those buildings do get built that will affect the natural light available in the immediate area. The area doesnt need any more high rise buildings. The will not suite the area.

My building already has cracks in it from HS2 deveopmnt any major demolition and construction work will cause even more damage to my building as well as other buildings on North Gower street.

Also the piling that will have to be placed will not be stable enough as we have 4/5 tube lines running directly under the proposed sites!!!

You will need to say why this modification will make the Euston Area Plan Update Proposed Submission Draft legally compliant or sound. It will be helpful if you are able to suggest revised wording. Please be as precise as possible.

I think the 250 Building should have a refit only. Keep the area as it is. No demolition.

I Think Euston Square hotel should stay as it is. The suggestion that it can help with the Euston Square station access is not of thier concern as the station belongs to TFL.

No

☒

Yes

9. If you wish to participate at the oral part of the examination, the examination hearings, please outline why you consider this to be necessary:

I t want my voice to be heard. The EAP has affects on my life and those of my neighbours. Decisions on this scale can not be made without hearing from all affected.

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination. Notes to accompany the Representation Form

1. Introduction

The Proposed Submission Draft Euston Area Plan Update is published in order for representations to be made prior to submission. The representations will be considered alongside the published Plan when it submitted for examination a Planning Inspector. Under the [Planning and Compulsory Purchase Act 2004](#) (as amended) (PCPA) the purpose of the examination is to consider whether the Plan complies with the legal requirements, the duty to co-operate and is sound.

2. Legal Compliance and Duty to Co-operate

During the examination, the Inspector will first check that the Plan meets the legal requirements under s20(5)(a) and the duty to co-operate under s20(5)(c) of the PCPA before moving on to test for soundness.

You should consider the following before making a representation on legal compliance:

- The Plan in question should be included in the current [Local Development Scheme](#) (LDS) and the key stages should have been followed. The LDS is effectively a programme of work prepared by the council, setting out the [Local Development Documents](#) (LDDs) it proposes to produce. It will set out the key stages in the production of any Plans which the council proposes to bring forward for independent examination. If the Plan is not in the current LDS it should not have been published for representations.
- The process of community involvement for the Plan in question should be in general accordance with the council's [Statement of Community Involvement](#) (SCI). The SCI sets out the council's strategy for involving the community in the preparation and revision of planning policy documents and the consideration of planning applications.
- The Plan should comply with the [Town and County Planning \(Local Planning\) \(England\) Regulations 2012](#) (the Regulations). On publication, the council must publish the documents prescribed in the Regulations, and make them available at its principal offices and on its website. The council must also notify the Local Plan bodies (as set out in the Regulations) and any persons who have requested to be notified.
- The council is required to provide a [Sustainability Appraisal](#) (PDF) when it publishes a Plan. This should identify the process by which the Sustainability Appraisal has been carried out, and the baseline information used to inform the process and the outcomes of that process. Sustainability Appraisal is a tool for appraising policies to ensure they reflect social, environmental, and economic factors

You should consider the following before making a representation on compliance with the duty to co-operate:

- Councils are expected to provide evidence of how they have complied with any requirements arising from the duty.
- The PCPA establishes that non-compliance with the duty to cooperate cannot be rectified after the submission of the Plan. Therefore the Inspector has no power to recommend modifications in this regard. Where the duty has not been complied with, the Inspector has no choice but to recommend non-adoption of the Plan.

3. Soundness

Local Plans or Area Action Plans are examined to assess whether they have been prepared in accordance with legal and procedural requirements, and whether they are sound. Paragraph 36 of the National Planning Policy Framework (NPPF) sets out the tests of soundness. The Inspector has to be satisfied that the Plan is positively prepared, justified, effective and consistent with national policy.

- ***Positively prepared***

This means that the Plan should be prepared based on a strategy which, as a minimum, seeks to meet the area's objectively assessed needs; and is informed by agreements with other authorities, so that unmet need from neighbouring areas is accommodated where it is practical to do so and is consistent with achieving sustainable development.

- ***Justified***

The Plan should be an appropriate strategy, taking into account reasonable alternatives, and based on proportionate evidence.

- ***Effective***

The Plan should be deliverable over the plan period and based on effective joint working on cross-boundary strategic matters.

- ***Consistent with national policy***

The Plan should enable the delivery of sustainable development in accordance with the policies in the NPPF and other statements of national planning policy, where relevant.

If you think the content of the Plan is not sound because it does not include a policy where it should do, you should go through the following steps before making representations:

- Is the issue with which you are concerned already covered specifically by national planning policy? If so, it does not need to be included?
- Is what you are concerned with covered by any other policies in the Plan on which you are seeking to make representations or in any other Plan?
- If the policy is not covered elsewhere, in what way is the Plan unsound without the policy?
- If the Plan is unsound without the policy, what should the policy say?

4. General advice

If you wish to make a representation seeking a modification to the Plan or part of the Plan you should make clear in what way the Plan or part of the Plan is not sound having regard to legal compliance, duty to cooperate and the four tests of soundness set out above.

You should try to support your representation by evidence showing why the Plan should be modified. It will be helpful if you also say precisely how you think the Plan should be modified. Representations should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further submissions based on the original representation made

Euston Area Plan Update – Proposed Submission Draft 2026 - Representation Form at publication. After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues they identify for examination.

Where there are groups who share a common view on how they wish to see a Plan modified, it would be very helpful for that group to send a single representation which represents the view, rather than for a large number of individuals to send in separate representations which repeat the same points. In such cases the group should indicate how many people it is representing and how the representation has been authorised.

Euston Area Plan - Regulation 19 - Environment Agency Representation

Dear Camden Planning Policy Team,

There are no major environmental constraints in our remit within the Euston Area Plan. We would like to emphasise that while it is unlikely we would comment at planning stage, due to there being no Source Protection Zone, there are a lot of potentially contaminative land uses, both current and historic within the Euston Area (including Railway but also other heavy industry). Although this area is not within a groundwater Source Protection Zone, the National Planning Policy Framework (NPPF) takes a precautionary approach to land contamination and we strongly recommend that [The Environment Agency's approach to groundwater protection](#) is taken into consideration for any sites coming forward.

Any development coming forward with deep piled foundations, boreholes, or infiltration SuDS should pay particular interest to the above position statements.

Sites that are potentially contaminative may also require an Environmental Permit for dealing with any waste on site, removing/reusing soils, or other activities in line with Environmental Permitting Regulations. Further information can be found here: <https://www.gov.uk/environment/environmental-permits>.

It is positive that the site allocation sections have highlighted the need for a Foundation Works Risk Assessment for some sites to protect groundwater. We note that there is no mention of contamination throughout the document and we would welcome an amendment to include this.

If you have any questions regarding any of the above, please let me know.

Thank you.

Kind regards,

Harry

Hi Rachel,

Thank you for including Euston Square Hotel in the EAP. I'll leave Helen to comment further on the details.

My main concerns lie in the eventual viability of the project as a hotel. The site footprint, given early estimates of build cost, may not allow for adequate scale required for even a modestly profitable hotel if all the requirements in the EAP are necessary. However, Helen will come back to you in due course, and we will do our best to put a scheme forward that will satisfy as many as possible of the requirements and on that hopefully your team will think is worthy of the site and Camden's aspirations.

Many thanks.

Kind regards,

Nizar Virji.

I have lived in Tolmers Square for 25 years
Unusually for London, Tolmers Square is a
thriving community where we all look out
for one another. Demolishing a perfectly
sound building just doesn't make sense to us at
all. Even though the building is now 44 years
old, it still looks in amazing condition and does
not need demolition.

Demolishing 250 Euston Road would
destroy our community and we, the residents,
will not allow this to happen!
