To the Planning Inspectorate,

Following the submission of the Euston Area Plan Update (EAP) Update to the Secretary of State for Housing, Communities and Local Government on 8th October 2026 and in line with our submission letter, we are now providing a schedule of proposed main modifications and a schedule of proposed additional modifications to the EAP Update Proposed Submission Draft.

The following documents are attached to this email:

- SD40 Schedule of Proposed Main Modifications to the EAP Update Proposed Submission Draft
- SD41 Schedule of Proposed Additional Modifications to the EAP Update Proposed Submission Draft

We are also submitting four topic papers which clarify the Council's position on key issues and provide further information on the approach taken in the Plan.
The following documents are also attached with this email:

- TP01 – Relationship between EAP Update and the Camden Local Plan
- TP02 – Site Selection and Allocation
- TP03 - Consideration of Heritage Assets
- TP04 - Open Space

We would also like to use this opportunity to correct an error in one of the documents in our Document Library. The most recent version of the NPPF published in August 2026 was uploaded, however, transitional arrangements mean that the EAP update will be examined against the December 2024 version of the NPPF and it is this version and not the 2026 version which should have been uploaded.

Should you have any further questions, then please do not hesitate to contact us.

Yours sincerely,

[redacted]

Therese Gallagher
Euston Manager
