Appendix 3: Changes to the 2015 Scoping Report Baseline indictors

The following table shows the baseline indicators that have been removed (with a strikethrough) or have been revised where data is not available or standards have changed since the Sustainability Appraisal was completed for the 2015 EAP. There are some baseline data gaps which will be updated or completed when data is available.

Environmental indicators			
Baseline Indicator	2015 EAP SA Indicators	2021 draft EAP update SA indicators	Reason for change
Transport and traffic (commentary will be included to reflect potential impacts of Covid-19)	• Location of major transport demand generating developments • ~~*% reduction in number of people killed or seriously injured in road accidents*~~ • ~~*Distribution of local services throughout the borough*~~ • Number of agreements signed for car-free or car- capped housing • % Reduction in motor traffic flows through the borough • % increase in walking as share of modal split • % Increase in cycling as share of modal split • % Increase in bus passenger journeys	• Location of major transport demand generating developments • Number of agreements signed for car-free or car capped housing • % reduction in motor traffic flows through the borough • Proportion of resident trips by walking or cycling • % increase in walking as share of modal split • % Increase in cycling as share of modal split • % Increase in bus passenger journeys	Removal of the following as the data is not available for this: % reduction in number of people killed or seriously injured in road accidents and distribution of local services throughout the borough.
Cultural heritage and Landscape	• Conservation areas • Listed buildings and other heritage assets at risk • Registered Parks and Gardens/ Designated London Squares • Protected viewing corridors • *Impact on potential archaeological deposits* • Number and condition of scheduled	• Conservation areas • Designated and non-designated heritage assets • Heritage at risk • *Extent of archaeological priority areas* • Number and condition of scheduled ancient monuments	Amendments: The changes to this section involve archaeological priority areas due to the their introduction by Historic England in 2016

	ancient monuments		
Open space	• *Open space deficiency* • *Area of designated open space /improvements to open space* ~~• *Public opinion of open spaces in Camden*~~ • Number of Tree Preservation Orders (TPOs) served • Number of applications affecting trees protected by TPOs • Number of applications permitted that involved the loss of trees protected by TPOs	• *Open spaces (proportion and net gains or losses)* • *Open space deficiency* • *Open space lost as a result of HS2 works* • Area of designated open space /improvements to open space • Number of Tree Preservation Orders (TPOs) served • Number of applications affecting trees protected by TPOs • Number of applications permitted that involved the loss of trees protected by TPOs	Amendments: Since HS2 works have commenced there has been a significant change in the quantity of public open space. The opinion of open space has been removed as the data is unavailable.
Biodiversity, flora and fauna	• Change in priority species (by type) • Change in priority habitats (by type) • Net loss/gain of Sites of Nature Conservation Importance and other sites of special biodiversity value, such as open spaces	• Change in priority species (by type) • Change in priority habitats (by type) • Net loss/gain of Sites of Nature Conservation • Importance and other sites of special biodiversity value, such as open spaces	No changes
Air quality	• Carbon dioxide (CO2), Nitrogen dioxide (NO2) and particulate matter (PM10) emissions	• Carbon dioxide (CO2), Nitrogen dioxide (NO2) and particulate matter (PM10) emissions	No changes
Soil	• Number of sites of potential land contamination	• Number of sites of potential land contamination	No changes
Water and flooding	~~• % of new developments incorporating sustainable drainage measures~~ ~~• % new developments incorporating water conservation measures (e.g. rainwater harvesting and greywater recycling)~~ ~~• Number of planning permissions granted contrary to the advice of the Environment Agency on flooding or water quality~~ • Number of properties at risk from 1% and 0.1% floods • Annual domestic water consumption by	• Water use • Water quality • Number of properties at risk from 1% and 0.1% Floods	Removal: Removal of data on new developments incorporating sustainable drainage and water conservation measures. These are no longer measured by the Council.

	type: (a) potable; (b) other		
Noise and vibration	• Number of noise complaints received by the Council • Increase/decrease in ambient noise levels (decibels)	• Number of important areas 'noise hotspots' defined by Defra • Number of noise complaints received by the Council	Amendment: The indicator is similar to the previous indicator but in line with DEFRA noise mapping.
Climate factors	• Proportion of energy generated from renewable and low carbon sources ~~• Energy use and efficiency in existing buildings~~ ~~• Annual average domestic consumption of (a) natural gas; and (b) electricity~~ ~~• Number of new developments accompanied by a BREEAM or EcoHomes assessment~~ ~~• Number of new developments achieving BREEAM or Code for Sustainable Homes ratings of very good or excellent~~ ~~• %/Number of new developments incorporating water conservation measures (e.g. SUDS)~~ • ~~Public concern about the environment~~	• Carbon dioxide emissions • Climatic events • Proportion of energy generated from renewable sources • Domestic energy efficiency	Removal: Indicators have been removed to accord with how the Council gathers data and in line with the latest sustainable technical standards.
Recycling and waste management	~~• % of households recycling~~ • % of household waste recycled ~~• % of new developments using sustainable construction~~ ~~• Annual household waste~~	• % of household waste recycled	Removal: Indicators have been removed to accord with how the Council record data.
Development on previously developed land	• % of new housing on previously developed land • % of vacant buildings	• % of housing on previously developed land	No change
Socio-economic indicators			

Population	• Population by age and sex • Population by ethnic group • Population by place of birth • Population growth • Household size and composition • Household projections • Population density (persons/ha)	• Population by age and sex • Population by ethnic group • Population by place of birth • Population growth • Household size and composition • Household projections • Population density (persons/ha)	No change
Health and community	• Provision of health facilities by type per 1000 population • Distance of households from GPs and hospitals • ~~Schemes involving a gain/loss in community premises (museums, community halls, places of worship)~~ • ~~% people describing their health as 'good' or 'not good'~~ • % people with limiting long term illness • ~~Perception of factors impacting on health~~ • Number of GPs or primary care professionals in Camden • Access to GP per 1000 population • Number of hostels and care homes • Number of sports/playing fields and outdoor recreation spaces • ~~Levels of crime – recorded crime per 1000~~ • ~~Population by type of crime~~ • ~~Fear of crime and perceptions of crime~~ • ~~% of developments incorporating~~	• Healthy life expectancy • Major causes of death • People using outside space for health/exercise • Proportion of active adults • Excess weight in adults • Excess weight in 4-5 and 10-11 year olds • Air quality health impacts • Camden Primary healthcare estate • Accommodation for older people • Accommodation for people with extra/complex needs • Levels of crime • People with limiting long term illness • Distance of households from GPs and hospitals/ access to GP per 1000 • Number of GPs or primary care professionals in Camden • Number of sports/playing fields and outdoor recreation spaces • Number of hostels and care homes	Removals: Indicators have been removed/changed in line with the data the Council is able to collect.

	~~Secured by Design principles~~		
• Deprivation and social exclusion	• Household income • Number of Super Output Areas (SOAs) within 10% most deprived in England • ~~Deprivation by ward~~ • Life expectancy • ~~Mortality~~ • ~~% of unemployed who have been out of work for over one year~~ • Households with children in families on Key Benefits • Claimant count unemployment rate • Unemployment by ward ~~and sex~~	• Household income • Number of Super Output Areas (SOAs) within 10% most deprived in England • Life expectancy • Fuel poverty • Households with children in families on key benefits • Claimant count unemployment rate • Unemployment by ward	Removal of indicators: Indicators have been removed in line with the data the Council is able to collect.
Education	• Area of new education facilities created • Indices of deprivation – education skills and training • Proportion of adults with poor literacy and numeracy skills • School capacity figures and areas of education provision deficiency	• Area of new education facilities created • School capacity (pupil place calculation) and areas of education provision deficiency • Number of NEET's (young people not in education, employment and training	Amendments: Indicators largely remain the same but have been slightly amended to accord with latest data figures collected.
Housing	• Housing and affordable housing • % of dwellings by type • Household size – number of people living in a property • Household composition • Ratio of average house price to gross household income • ~~Housing stock by tenure~~ ~~• House prices and Council tax~~ • Number of overcrowded households • Number of homeless households • Condition of housing stock – unfit dwellings by tenure ~~• Additional home provision – new home~~	• Housing stock by tenure • Dwellings by type • Overall need • Housing composition • Condition of housing stock – unfit dwellings by tenure, overcrowded households • House prices and rents • Ratio of average house price to earnings • Housing with special needs • Number of new homes completed • Student housing completions • Affordable housing completions • Mix of housing sizes • Vacant housing units	Removal and amendments: Removal of various indicators where data not measured by the Council or amended within other indicators. Lifetime Homes standards have been superseded by Part M standards.

	~~completions~~ ~~• Number of affordable housing completions~~ • %/Number of all new housing units designed to wheelchair accessibility ~~• Net change in Lifetime Homes standards~~ • % of residential floorspace in mixed use schemes • Mix of housing sizes ~~• Compliance with regional housing targets~~ ~~• Housing density - % of new dwellings completed at:~~ ~~- Less than 30 dwellings/ha~~ ~~- Between 30 and 50 dwellings/ha~~ ~~- Above 50 dwellings/ha~~ ~~• % of vacant residential units~~ ~~Leisure~~ ~~• Completed leisure (D2) floorspace~~ ~~• Completed leisure (D2) floorspace in Central London Frontages, town centres and neighbourhood centres~~ ~~• Access to open space~~	• Number of affordable housing completions • %/number of all new housing units designed with Part M wheelchair accessibility	
Town Centres and Employment	~~• Town centre health A – comparison and convenience retail draw~~ ~~• Town centre health B – centre hierarchy~~ ~~• Town centre health C – retail capacity assessment and growth~~ ~~• Completed retail, office and leisure floorspace (net) in designated centres (Central London Frontages, town centres and neighbourhood centres)~~ ~~• % of ground floor vacant floorspace in primary shopping frontages (Central London Frontages, town centres and neighbourhood centres)~~	• Completed retail, food, drink and entertainment floorspace • Vacancy in town centres and other designated frontages • Retail, food, drink and entertainment uses • Employment floorspace completed and available • Growth areas projected floorspace • Supply of employment land • Number of secured apprenticeships in Camden	Removals: A number of indicators have changed or been removed due to changes in Council monitoring.

	~~• Completed retail and financial services offices floorspace~~ ~~• Number and location of A3/A4/A5 completions~~ ~~• Total number of mixed use developments completed~~ ~~• Net changes in Use Classes by floorspace (sq m)~~ ~~• Changes in vacant employment land~~ ~~• Composition of businesses operating in Camden~~ ~~• Economic activity of the population of Camden~~ ~~• Occupation of those currently in employment by industry~~
